THIS IS A SPECIAL *LET YOURSELF GROW* ISSUE

Lately we have received many requests from servicemen for full details of the famous C-D **Let Yourself Grow** promotional program for building radio service business—so many, in fact, that we are devoting this entire issue of **The Capacitor** to illustration and description of these helpful sales aids.

With competition popping up on every corner it takes more than a sign on your window to keep you in business. After all, the other fellows have signs, too. And to Mrs. Housewife—when she starts out with the family midget radio under her arm with a blown out filter—your "Radio Service" sign looks just like all the others. Unless, that is, your shop has the backing of a merchandising program that establishes it as **the** radio shop in your community. And that's exactly what C-D's **Let Yourself Grow** program does—builds **your** name as headquarters for radio service in your trade area.

All the elements in this great promotional program are **pre-tested.** They've demonstrated their ability over and over again to really build service business. And the beauty of it all from your standpoint is the fact that many of these sure-fire sales builders are absolutely FREE. All the others are available to you at less than cost.

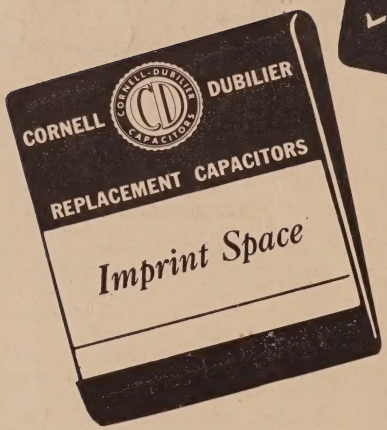
In the pages which follow we are going to illustrate and describe all the items that make up the **Let Yourself Grow** promotional program. These items must be ordered through your local C-D jobber. Or, if he can't supply you, write direct to us and we'll direct you to a jobber who can. The main thing is **get them — and get started on your promotional campaign NOW**—while there's still time to gain an edge on competition. **Use the handy order blank on page 11. LET YOURSELF GROW!**

Save this issue of the Capacitor — It is your catalog of all items in the "Let Yourself Grow" promotional program.

Eye Catching Match Books -- PRESTIGE BUILDERS

Blanket your community with these attractive match books—and watch business grow. Every time your prospect reaches for a match he gets a flash reminder of **your** shop—and the 6-month Check-up Plan. Often many customers will be reached with a single C-D Match Book. Always keep a stock handy for prestige giveaways. Leave them with local drug stores, cigar stores, groceries, etc. Order your supply of these prestige- and business-building book matches from your C-D jobber NOW.

FORM No. 1210



USE THE HANDY ORDER BLANK ON PAGE 11.

Match books are handsomely printed in two colors and have panel on front surface blank for your shop name, address, and phone imprint. Shipped only in case lots—each case holds 2,500 books. Price, $7.95 per case, minimum quantity one case. Orders for three or more cases shipped prepaid.

THESE TIMELY SELLING TOOLS ARE YOURS FREE

Each of these handsome, three-color displays is designed to promote your shop as the most dependable one in your community.

The window display card, above left, stresses the importance of a 6-month check-up—tells your customers why such a check-up is essential to keep their radio in tip-top condition. The counter display card, lower right, forcefully reminds customers that you use only highest quality capacitors—C-D's— that war-weary surplus will not be used to repair their set when the job is done in your shop. The Decal transfer, upper right, is an effective display for window, showcase, or door.

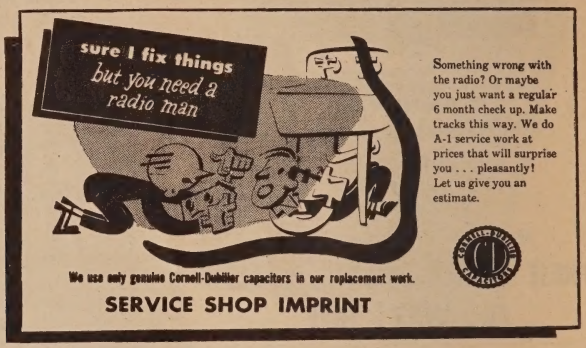
Get one or more of these effective sales helps from your C-D jobber—absolutely FREE.

THESE BUSINESS BUILDERS COST YOU NOTHING EXCEPT POSTAGE FOR MAILING. C-D IMPRINTS YOUR NAME ABSOLUTELY FREE.

When you mail these clever, two-color post cards to your prospect list, you can look for immediate response from actual customers with radios to repair. This is an economical direct mail campaign to establish you as the most reliable radio service expert in your community.

Mailing List. Compiling a good mailing list is vitally important. The following are good sources for names and addresses: telephone directory, lists from non-competing stores, milk companies, newspaper delivery routes, etc. Every few months check your list for changes. Cull out wrong addresses and "moved" notices.

FORM No. 1209



sure I fix things
but you need a
radio man
Something wrong with the radio? Or maybe you just want a regular 6 month check up. Make tracks this way. We do A-1 service work at prices that will surprise you . . . pleasantly! Let us give you an estimate.
We use only genuine Cornell-Dubilier capacitors in our replacement work.
SERVICE SHOP IMPRINT

sure I'm a wizard
but you need a
radio man
Is your radio reception poor? Sure it may seem to be only a minor defect but that defect may eventually result in expensive repairs. Why not 'phone us now—when a stitch in time will save you money! We treat every job as though it were the most important in the shop. Our work is guaranteed! You can be sure of a thoroughly reliable job at honest prices
We use only genuine Cornell-Dubilier capacitors in our replacement work.

DISTINCTIVE STATIONERY - MATCHING SHIPPING LABELS

There's nothing that will make a business look successful like smart, neatly-printed letterheads. And the ones C-D has designed for you are out of this world. Handsomely printed in two colors, the cost would be way out of line for the average shop if they were bought in small quantities from local printers. But **you** don't have to stand this cost—C-D stands it for you. Your only cost is for having your name imprinted—and C-D pays part of that, too. Envelopes and shipping labels to match your letterheads are available on the same basis. **Turn to page 11—fill in the order blank—get it off to your C-D jobber TODAY.**

Win New Customers With Effective Newspaper Ads
C-D Furnishes Mats Free

If your service shop is represented in the columns of your local paper, you will benefit greatly by prestige as an advertiser and your sales opportunities will be greatly increased.

WHAT IS A C-D AD MAT?

The ad mat is a papier-mache impression of the ad with space allowed for imprinting your own name and address. You furnish it to the paper and from it they make up the lead plate from which the ad is printed—thus you are spared the cost of artwork, typesetting, and engraving. You pay only for the space. **Mats are furnished free by C-D through your jobber.**

GET STARTED NOW!

You can build you reputation as a reliable serviceman overnight with this compelling mat series. So don't wait! **Fill out the order blank on page 11 and get it to your jobber today.**

HERE'S A NEW, MONEY-SAVING WAY TO ORDER CAPACITORS

C-D—after surveying the entire service field—has worked out an ordering procedure which gives every shop—no matter how large or how small—efficient working stocks with minimum investment. Ordering in groups, as shown below, instead of by individual units, will result in a well-balanced stock and needed items will not be overlooked. The items in each group have been determined after careful analysis of actual shop records.

Don't lose time and money by constantly running to your jobber for parts. Use your time to advantage—keep these items on hand at all times. Order by group numbers regularly from your C-D jobber.

SUGGESTED CAPACITOR STOCK OF POPULAR TYPES

The following schedules list the most popular capacitor types required by the average shop.

Super Service Shop ..... **should carry groups 1 through 9.**
The well-established shop ..... **should carry groups 1 through 6.**
Auto-radio specialists ..... **should carry groups 1 through 6.**
Shop with refrigeration service ..... **should carry groups 1 through 6 and 8.**
Individually operated service shop ..... **should carry groups 1 and 2.**
